OUTSIDE THE BOX

Cole & Co.'s Bathroom in a Box Collection provides the components you need to easily change the look of your bathroom.

The Manhattan Sink Chest, one of the newest offerings, is a vanity and sink set

that features a Contemporary oval shape and nickel fixtures. The product is ready-made with double doors that hide an adjustable storage shelf; a glass top and sink add flair. The collection is available through Clyde Hardware Co. Inc., (602) 264-2106.

FILL IT UP

Both convenient and stylish, JACLO's Pot Fillers make filling a pot with water hassle-free. In one simple motion, the swing-arm faucet can be positioned over any stovetop burner. The solid-brass fixtures come in 16 finishes and deck- or wall-mounted styles. A folding model that can lie flush against the wall and a dual-valve version that allows for easy shut-off also are available. Order the Pot Fillers through Westar Kitchen & Bath, (602) 271-0100.
